About Captain Robert

Hands on Captain with wide range of experience and acquired skills.

Proven ability to maintain and oversee the safety and maintenance required to sustain a yacht in perfect running condition. I take pride in my management skills including the ability to coordinate service vendors and day workers.

I have basic mechanical and engineering knowledge related to the upkeep of a yacht as well as experience with tenders, water sports toys, diving, snorkeling and fishing.

I enjoy working with clients to customize itineraries of varying duration and destinations.

I am confident my positive outlook, organization and communication will make me an asset to your program.

96' Horizon
Mate 2014-2016
Florida/ Bahamas

Private yacht used for family and friends. The program was mostly snorkeling and fishing in the Florida Keys and Bahamas. I spent the first six months in the yard helping the Captain finish up with the annual survey and we replaced the main engine exhaust, oil coolers and deck handrails.

191' Trinity
Deckhand 2011-2012
Atlantic Ocean/ Caribbean Sea/ Pacific Ocean

Ocean explorer used primarily for deep sea fishing. Responsible for 36' fishing catamaran as well as six flats boats. Assisted world champion fishing guides in planning daily activities.

220' Shadow Marine
Second Officer 2010-2011
Caribbean/ Mediterranean/ Red Sea/ Indian Ocean

Worked winter season in Caribbean Sea then helped deliver yacht to Dubai for boat show.

63' Hildago
Captain 2008-2010
Florida/ Bahamas

Custom built shark diving boat. Led dive team and was shark matador for photo operations. Primary focus on guest safety.

150' Freeport
Captain 2007-2008
Gulf Coast/ Mississippi River

Worked for Apache Oil Corporation. Operated in all weather conditions. Ran boat out of Port Fourchon, one of largest commercial ports in U.S.A.

135' Freeport
Captain 2006-2007
Gulf Coast/ Mississippi River/ Atchafalaya River

Worked for Apache Oil Corporation. Operated in all weather conditions. Transported personnel and supplies to offshore drilling platforms.
