

BOUNCER

BOUNCER 16'

WHAT DO I NEED TO KNOW?

One of our most popular inflatable devices and an essential part of any aquapark setup. It offers excellent bounce without the complications of metal springs and frame.

Deployment:

Tied to the yacht or anchored

It comes in sizes from 14 to 20' but 16' has proven to be best choice for yachts. Regardless of your age few things capture child like enthusiasm better than bouncing with wild abandon!
