
Daniela

Stewardess

As a seasoned yachtie, I have spent the past several years working on a variety of vessels, including charter programs, delivery/transport and privately owned superyachts. During this time, I have honed my skills in navigation, safety procedures, and crew management, and I am well-versed in all aspects of yacht operations. In addition to my technical expertise, I am also a skilled communicator and team player. I understand the importance of clear communication and collaboration in a high-pressure environment, and I am committed to fostering a positive and productive work environment for all crew members. I am excited about the opportunity to join your team and contribute to the success of your yacht. Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

With my extensive experience in the maritime industry and my passion for yachting, I am confident that I would be an excellent addition to your crew.

About the stew

I am seeking a long term position on an active program where I can utilize my skills and contribute as part of a strong and close knit team, detail oriented cleaning professional with outstanding interpersonal and communication skills.
