## PROFESSIONAL PROFILE

Hardworking, motivated, and committed  
Merchant N (M 200 , C.O 3000. Coc / Cec)  
MCA UK with extensive experience and all  
required qualifications for onboarding.

Foundational Degree in Mechanical Engineering  
from University of London. Currently studying a  
Master Degree in Sustainable Maritime  
Operations at Plymouth University (UK)

Official certificate from University of Oviedo as  
high-level athlete. Electromechanical studies  
with work experience

Strong hospitality focus - served as  
Owner/Operator of hospitality and charter  
business that included event planning/execution.

Developed extensive time management and  
delegation skills through management of various  
charter programs.

Extensive understanding of the importance of  
efficient marine operations, as well as health and  
safety onboard practices.

As a teammate I am highly disciplined, have a  
tremendously prominent standard of work  
ethics, and am an exceptional team player. I  
acquire concepts quickly, have a "can-do"  
attitude and a charismatic personality.

10+ years' of rescue experience with speed  
boats, RIBs, jet skis, rescue dinghies.

Proficient use of Excel to furnish reports, create  
checklists, manage inventories, and handle vessel  
operations.
