More About Cole...

Raised in Coastal Virginia, Cole has had a taste for the water from a young age. His earliest memories include boating, hunting and fishing with his family and friends.

As a youth he built three boats with his father and grandfather, growing in skill and size with each build. As a young teenager, too young to drive, he learned the value of hard work and began his own landscape business to afford his boating lifestyle.

With post-high school training at Mid Atlantic Maritime Academy (Norfolk, VA) he earned certifications to pursue a career in yachting.

A strong work ethic and unparalleled commitment to the finest hospitality and customer service continue to drive his career forward.
