

Sharon

With over 14 years of experience in hospitality and almost 20 in childcare, I am actively seeking a position as a stewardess onboard a sail or motor yacht over 60 feet. I am enthusiastic and eager to contribute to overall success through hard work, attention to detail, and excellent organizational skills. I am dedicated to my career in the yachting industry and motivated to learn and further develop my skills. I look forward to joining a great crew to provide exceptional service while maintaining safety and efficiency. I have a great passion for travel and always keep a smile on my face.
