OBJECTIVE SUMMARY

Dynamic and experienced Stewardess with a strong background in yachting and hospitality available for next adventure on private or charter yacht as Chief Stew, Sole Stew, or Service Stew. Energetic and fitness-focused gal yet mature and grounded, I am passionate about providing excellent service to owners and guests so they have a wonderful experience. Strong in Service due to extensive restaurant and catering background, confident in warm guest-facing interaction. High attention to detail, dual passports. Initially worked three years on first vessel, as Sole Stew / Deck - a smaller yacht yet heavy on the charters. That strong foundation then led to multiple freelance assignments successfully completed over the last several years, now eager to settle in to a longer term role. Upbeat, friendly team player willing to help in all areas and contribute positively.

MARITIME EXPERIENCE

Key responsibilities and experience gained over my career, with a list of the vessels I have worked on over the past 7 years on the next page.

- Experienced in managing and mentoring teams in high-end hospitality and yachting environments.
- Skilled in providing meticulous interior management and delivering exceptional service to high-profile clients and guests.
- Proficient in provisioning and organising for back-to-back trips, ensuring seamless operations and guest satisfaction both front and back of house.
- Expertise in event coordination and execution, including beachside weddings and upscale corporate events.
- Strong background in flight service, handling emergencies, and maintaining safety standards.
- Versatile in handling a wide range of Interior duties, from detailed interior cleaning to guest comfort and safety during yacht charters.
- Demonstrated ability to adapt to different yacht sizes and programs, from contributing to a variety of roles from Lead Service to Chief Stewardess.
- Dedicated to fostering a positive crew environment and ensuring cohesive teamwork onboard.
- French speaker (second language), with experience in bilingual guest management and international travel coordination.

CAREER HIGHLIGHTS

Since completing a three-year tenure on two smaller vessels in Hawaii until embraced freelancing on various sized yachts and diverse programs to broaden my experience and enjoy global travel. The nature of the yachting industry in the US often involves operating with a skeleton crew and then bringing on temporary crew members for trips, allowing me to refine my skills and explore different cultures. Now with years of experience and variety under my belt, I am ready for a long-term commitment to an exciting program for the stability as well as to be able to shine my gifts consistently over time. With a wealth of experience and a deepened passion for yachting, I am keen to obtain a Chief Stewardess or

Sole Stew position within an interesting program when it's the right fit. And holding dual passports means I can easily work in many different locations.

I come away from the freelance roles with excellent references and am happy to present these in full to support my application and your verification process of my skills, abilities, and excellent suitability for a long-term role.
