**CAPTAIN**

**CLAYTON**

Currently seeking a permanent position as a Captain/Engineer on a Private/Charter vessel 70'+. As Captain, my goal is to establish a long term relationship with the ownership/management team that is grounded upon honesty & loyalty. My primary concern is the well being of the vessel for its guests & crew, I strongly believe in curating an environment that is safe, welcoming & proficient in providing top tier services. If given the opportunity I will aim to exceed expectations by keeping abreast all vessel maintenances, providing safe voyage planning & establishing excellent communication.
