Education

- Cooking course at the Penny Robert School of Cookery
- Thai Cookery course
- Bartending and customer relations course at Algonquin College, Ontario

Yachting Experience

January 2016 to Present: Pelt's Yachting Services Inc. (PYSI)

- PYSI was created to serve the demand in the PNW; due to covid, business has slowly diminished.
- PYSI offered a variety of tasks that would be typically performed on large yachts: varnishing cap rails, replacing black water systems, adding electric toilets, and detailing of exteriors/interiors.
- Took clients on charters around the Pacific North West and circumnavigation of Vancouver Island.
- Detailed boats for brokers before selling.
- PYSI was and still is considered an essential service for crossing borders: during Covid we delivered over 100 vessels.
- [REDACTED]
- [REDACTED]

August 2015 to December 2015: Captain/Engineer 90' Pershing

- Crew of two
- Major electronics work, electric doors, A/C, & troubleshooted a sensor fault on one of the main engines
