STEVEN

DECK STEW FIRST MATE

PROFILE

I am a dedicated and hardworking individual with a strong passion for the maritime industry. My goal is to grow within the field, with aspirations to become a captain. I hold my STCW certification, a valid United States passport, a U.S. driver's license, and a Maryland boating license. Growing up on the water and owning my own boat, I have a good understanding of maritime operations. Additionally, my background in customer service and sales enables me to provide excellent guest experiences. I am always willing to take on new challenges and maintain a positive, drama-free attitude in the work place. My commitment is to work hard and give my best in everything I do.

Work Experience

105 foot –

- First mate – Dates (June 24, 2024 to October 31, 2024)
- Assisted the captain with docking procedures
